**FEDERATED STATES OF MICRONESIA TRAVEL ADVISORY
NOTICE TO THE GENERAL PUBLIC**

The Government of the Federated States of Micronesia wishes to alert all citizens of the escalating conflict in the Middle East. In light of the recent joint U.S.–Israeli military airstrikes on Iranian military targets, FSM citizens are strongly advised to avoid all travel to the Middle East region at this time. FSM citizens currently in the region should consider departing while travel is still possible.

Due to these heightened tensions, citizens traveling internationally are advised to exercise increased caution as airspace closures and travel disruptions may occur with little notice.

Should FSM citizens encounter difficulties or disruptions during travel, they are encouraged to contact the nearest FSM Overseas Mission for assistance.
